THE CUSTOMS TARIFF.

All imitations to be dutiable at the rate chargeable on the goods they imitate, unless such rate is less than the rate which would otherwise be chargeable on the imitations.

"Proof" or "Proof Spirit" means spirit of a strength equal to that of pure ethyl alcohol compounded with distilled water so that the resultant mixture, at a temperature of 60° Fahr., has a specific gravity of 0·9198 as compared with that of distilled water at the same temperature.

"Wool" or "Woollen" includes all manufactures of wool or hair or combinations thereof.

"N.E.I." means not elsewhere included.

Any article, not otherwise dutiable, composed of a combination of other articles, some of which are dutiable when imported separately, and of others free of duty when imported separately, shall be dealt with as follows:—

(*a*) When the value of the dutiable portion exceeds the value of the free portion, duty shall be charged upon the whole article at the same rate as would be chargeable on that portion of the dutiable portion which, if imported separately, would be liable to the highest rate of duty.

he shall, in addition to any other fine or penalty to which he may be liable, incur a penalty not exceeding £50.

If any person signs or executes any instrument liable by law to any stamp duty before it is duly stamped for denoting the payment of the duty, he shall be liable on conviction to pay the whole or the deficiency, as the case may be, of the stamp duty payable upon or in respect of such instrument, and a further sum as penalty, not exceeding £50, save where another specific penalty is in this Act provided:

Provided that, except in the case of receipts, cheques, agreements, bills of lading, and charter party, no penalty shall be inflicted if the instrument is stamped within thirty days after the date thereof if executed within the State, or within thirty days after the receipt of the same within the State if it was executed abroad or in the case of a bill of exchange or promissory note made, drawn, or issued within the State, if the instrument is stamped not later than thirty days from the time when it was first received by the payee, or in the case of a bill of exchange or promissory note or other instrument drawn or purporting to be drawn out of the State, if the instrument is stamped at any time before payment or receipt (as the case may be) and not being later than thirty days after it was first received within the State:

STAMP DUTIES—*continued*.

Penalties—*continued*.

58 Vic., No. 8. (23 Oct., 1894.)

Provided further, that if any instrument is presented to the Commissioners or a Deputy Commissioner to be stamped after the expiration of thirty days from the date thereof or from its first receipt by the payee, or within the State, as the case may be, and if it is proved to the satisfaction of the Commissioners or Deputy Commissioner that the delay in presenting the same was due to unavoidable accident, and not merely to negligence on the part of the holder or his agent, it shall be lawful for the said Commissioners or Deputy Commissioner to stamp the said instrument, and to forego all claim for any penalty:

Provided nevertheless that the Commissioners or a Deputy Commissioner may, in their or his discretion, instead of instituting proceedings for the recovery of the penalty, demand and receive the amount thereof or such reduced amount as they or he may think fit, from the person liable to pay the same.

Every public officer having in his custody any books, records, papers, documents, or proceedings, the inspection whereof may tend to secure any duty or prove or lead to the discovery of any fraud or omission in relation to any duty, shall at all reasonable times permit any person thereto authorised by the Commissioners to inspect the books, records, papers, documents, and proceedings, and to take such notes and extracts as he may deem necessary, without fee or reward, and in case of refusal shall for every offence incur a penalty not exceeding £10.

If any person whose office it is to register or enter in or upon any books or records any instrument chargeable with duty, enrols, registers, or enters any such instrument, not being duly stamped, he shall incur a penalty not exceeding £50.

No company registered under "*The Companies Acts*, 1863 *to* 1893," or otherwise incorporated, shall register in the books of the company any transfer of shares or stock unless the instrument of transfer is stamped as prescribed by this Act.

Any company registering an unstamped or insufficiently stamped transfer of shares shall be liable to a penalty not exceeding £50.

And every director, manager, or other officer of the company who is concerned in registering such transfer shall be liable to the like penalty.

(1) Every person who issues, endorses, transfers, negotiates, presents for payment, or pays any bill of exchange or promissory note liable to duty, and not being duly stamped, shall incur a penalty not exceeding fifty pounds, and the person who takes or receives from any other person any such bill or note, either in payment or as a security, or by purchase or otherwise, shall not be entitled to recover thereon, or to make the same available for any purpose whatever, until it is duly stamped.

(2) Provided that if any bill of exchange payable on demand or at sight, or on presentation, is presented for payment unstamped, the person to whom it is presented may affix thereto an adhesive stamp of one penny, and cancel the same, as if he had been the drawer of the bill, and may thereupon pay the sum in the bill mentioned, and charge the duty in account against the person by whom the bill was drawn, or deduct the duty from the said sum, and the bill is, so far as respects the duty, to be deemed valid and available.

(3) But the foregoing proviso is not to relieve any person from any penalty incurred by him in relation to such bill.

COAL MINING.

Authority under which Levied.	Specification of Taxes, Duties, &c.	Annual rent for license, per acre. £ s. d.
62 Vic., No. 24. (30 Dec., 1898.) Secs. 49, 52 to 55.	Any person who is desirous of prospecting Crown lands for coal may make application in the prescribed form to the proper Warden for a license to occupy any Crown lands described in the application, and not being of greater area than six hundred and forty acres, for the purpose of searching for coal thereon	0 0 6
	The license may be renewed by the Minister for another year upon payment of a like sum of sixpence per acre of the land comprised therein, and upon proof to the satisfaction of the Minister that the licensee has during the period of the license used reasonable endeavours to search for coal upon the land, and has not used the land for any purpose not hereby authorised.	
	If during the period of the license or the renewed license the licensee desires so to do he may apply for a lease of any part of the land comprised in the license not exceeding three hundred and twenty acres in extent, and his application shall have precedence over the application of any other person for the same land.	
	The yearly rent of land leased for the purpose of mining for coal shall, instead of being at the rate of ten shillings per acre, be at the rate of sixpence per acre, and there shall also be reserved in the lease a royalty at the rate of threepence for every ton of coal raised from the land during the first ten years of the term of the lease, and at the rate of sixpence for every ton raised during the remainder of the term.	
	The times and mode of ascertaining the amount of any royalty so payable and the time for payment thereof shall be prescribed by the lease.	
	If land leased for the purpose of mining for coal is used for the purpose of mining for any other mineral, rent shall become payable in respect thereof at the rate of ten shillings per acre in addition to the royalty, if any, payable in respect of coal raised therefrom.

NOTE.—The amount actually realised bears but a small proportion to the amount sought to be recovered; but it must be borne in mind that in many cases the defendant, on a levy being made, becomes insolvent, and any property seized passes to the Official Trustee for the benefit of the Creditors, and consequently no sale by the Sheriff takes place. Many also of these writs of *fieri facias* were for large amounts, the suitors holding mortgages over and being in possession of the property seized, and were merely lodged for the purpose of obtaining the Sheriff's title for the conveyance of the interest, the purchase money being nominal.

NOTE.—In former annual returns, a certain proportion of silver was included in the gold, but in the above table, owing to the more accurate system of compilation adopted, the silver has been separated, and the actual quantity of each metal allocated to its proper place. The result is that the total quantity of gold returned last year is apparently less than for 1907, whereas, had the comparison been made on the same basis as heretofore, there would have been an increase in quantity for 1908.

* From 1883 number and tonnage of vessels calling at more than one port in Queensland during same voyage only counted once.

† Prior to 1907 the exports of wool have been taken as the production of wool, scoured being expressed as greasy on the basis that one pound of the former equals two pounds of the latter, except for the years previous to 1866, when greasy and scoured wools were not separated in the Customs returns.
